12. Safety Measures Taken for Prevention from COVID19 Outbreak.

- As per the State Guidelines, all the equipments of NRC were disinfected on daily basis.
- Follow-up activities conducted to minimize physical contact to combat the spread of the virus.
- Individual bed side counseling being given to mothers.
- Counseling by AWW during home visits at the time of conducting follow up.
- 1 meter distance ensured between two beds.
- COVID19 related messages being displayed in NRCs to generate awareness among community.
- Use of face mask, sanitizer and hand wash and social distancing encouraged.
- Counseling, training and demonstration on hand washing, use of face mask, following of cough etiquettes and social distancing is being regularly done.

13. Key Recommendations

- The NRCs were recommended to trace the defaulters and reason for the same so as to sensitize and provide them full treatment as per the NRC protocols.
- To continuously trace the health status of children who were referred to higher facilities for treatment. As, regular tracing will help in checking their health status to provide them with health facilities as per need and simultaneously help them to not to fall again into the category of SAM or MAM once over again.
- The NRCs were recommended to encourage admissions in all NRCs by counseling of parents through Aanganwadi Workers and Mitans by sensitizing them on precautions taken by NRC during COVID times as the beneficiaries are reluctant to avail the services due to fear getting infected.
