POSHAN COVID-19 RESOURCES

Online archive for COVID-19 related resources on Nutrition, Early childhood development and Food Security

Resources Introduction

The POSHANCOVID-19 resources page is an online repository of various government circulars, national and international guidelines, and technical documents, on program implementation during the Pandemic. This is a compilation of COVID-19 resources focusing on nutrition, food security, early childhood development and related issues. The resources are categorized into topics and subtopics and can be accessed through the search function. The central and state-level policies since the start of the outbreak and lock-down are also provided in the efforts to restore essential services across the life cycle. The resources site is updated regularly, providing comprehensive evidence-informed guidance in nutrition and is publicly available for policymakers, researchers, health professionals and the general public.

Please send us your feedback or report any broken/inappropriate links **here**

2020/06/12	Circular	DBT for THR to the accounts of Beneficiaries from June 2020	Guidelines regarding providing Direct Beneficiary Transfer (DBT) instead of THR for children 6-59 months old, pregnant women and lactating women.
2020/06/11	Circular	DBT for THR to the accounts of Beneficiaries from June 2020	Provide Direct Beneficiary Transfer (DBT) instead of THR for children 6-59 months old, pregnant women and lactating women.
2020/06/07	Guidance	Continuation of AMB services	ASHAs to provide IFA to children 6-59 months old, children 5-9 years old, 10-19 years old school-going adolescent boys and girls, 10-19 years old out-of-school adolescent girls, women of reproductive age (20-24 years old), pregnant women and lactating women.
2020/06/03	Guidance	Reference to provision of services for adolescent health programs under RMNCAH+N during and after the epidemic	Continue providing services under RMNCAH+N to adolescents including Yuva Clinic (Adolescent Friendly Health Clinic), Weekly Iron Folic Acid Supplementation (WIFS) and Peer Educator. During lockdown related restrictions of school and AWC closures, under WIFS, ASHAs should home deliver 15 tablets to 10-19 years old school-going adolescent girls and explain how to consume them. AWWs to home deliver IFA supplements to out-of-school girls and counsel about its consumption. This guidance also includes information on the supply chain pertaining to raising demand for IFA by AWWs and ASHAs through their departmental routes.
2020/06/02	Guidance	Guidance regarding provision of services related to child health related program under RMCAH+N during COVID-19 pandemic	Guidelines received from the Ministry of Health and Family Welfare regarding RMNCAH+N services • Referral and admissions to SNCU and NBSU to be continued. Routine SNCU follow-up through teleconsultation in containment and buffer zones, whereas all services for the care of sick new-born to continue as per guidelines. • HBNC: In containment & buffer zone- HBNC through teleconsultation; health workers to utilize COVID-related home visits to provide HBNC services. In beyond buffer & green zones- continue HBNC visits by ASHAs • Referral, management and treatment of sick SAM children at NRCs. • Health workers conducting home visits for COVID-19 work should also enquire about children's health and nutrition and if required provide essential services.
2020/06/02	Circular	ICDS Circular on Home Visit by AWW	DPOs and CDPOs to conduct beneficiary home visits with AWWs to spread awareness about COVID19 and monitor receipt of six ICDS services by beneficiaries, including migrant families. DPOs and CDPOs to monitor MKUY, PMMVY, CAS and registration of migrant families at AWC.

2020/05/29	Guidance	In relation to the services provided related to maternal health and nutrition (VHSND)	**Guidelines given by central government for resumption of regular health services** • In containment & buffer zone- VHND not to be conducted. In areas beyond buffer zones- restricted VHNDs (5 attendants at a time) to be conducted. • Provision of ANC and PNC services through outreach sessions in all areas except containment and buffer zones, where pregnant women and children to be called in multiple fixed timeslots. ASHA should inform all the beneficiaries one day prior to the VHND to come during assigned time slots. ANC in containment & buffer zones to be provided to on-demand walk-in beneficiaries at health facilities. • ANM to provide COVID-19 related information to beneficiaries. • Provide ANC and PNC health check-up to women with necessary precautions. • Identify and refer high risk pregnancies and severely malnourished pregnant women to health centres. • Provide IFA, calcium and Albendazole tablets to pregnant women in their third trimester. • Provide IFA and calcium tablets to lactating women. • ASHAs to provide counselling to pregnant women including nutrition and COVID-19 related information during home visits. • Follow-up with pregnant women whose EDD is nearby and send them to nearby health centres for delivery. • Provide counselling on early initiation of breastfeeding (within one hour of delivery) to pregnant women in their third trimester.
2020/05/11	Circular	ICDS Services during COVID	Provide THR to beneficiaries as before. Provide dry ration including rice, dal, gudd and milk powder to children 3-6 years of age, instead of providing cash for their hot-cooked meals.
